### How to cite this erratum

Bennett J, Macguire J, Novakovic E, et al. (August 17, 2021) Correction: Characterizing Complications of Deep Brain Stimulation Devices for the Treatment of Parkinsonian Symptoms Without Tremor: A Federal MAUDE Database Analysis. Cureus 13(8): c46. doi:10.7759/cureus.c46

## Correction Notice

Unfortunately, after publication of this article, the authors noticed that Brian Walker's name was associated with Boston Scientific in the abstract. It was determined his name was written in a way that suggested he was involved in the production of these devices. However, he is only a sales representative for the organization. Therefore, it was removed from the article post-publication. The authors apologize for this oversight.
