Oyibo S O, Mahgoub M O (November 22, 2021) Correction: Atezolizumab-Induced Hypothyroidism in a Patient With Pre-existing Triiodothyronine (T3) Thyrotoxicosis Due to Graves' Disease: A Case Report and Literature Review. Cureus 13(11): c53. doi:10.7759/cureus.c53

Correction Notice

Shortly after publication, the submitting author realized that two statistical values in Table 1 had been entered incorrectly during the article submission process. As a result, we have corrected Table 1 to include the proper values as these were incorrectly transposed in the original version submitted to and published in Cureus:

Free thyroxine (pmol/L): 36.3

Free triiodothyronine (pmol/L): 19.3
